# THE METHODIST GLOBAL EDUCATION FUND FOR LEADERSHIP DEVELOPMENT (MGEFLD) – EUROPE

The Methodist Global Education Fund for Leadership Development or MGEFLD is one of the many projects the Global Methodist Education and Leadership Development program initiated under the Global Board of Higher Education and Ministry (GBHEM).

MGEFLD is a fund supporting the network of Methodist organizations assisting educational programs around the globe. The programs implemented under MGEFLD are based on the principle of shared vision, shared responsibilities and shared costs. This principle is a reflection of the interconnectedness and intercultural nature of the United Methodist Church.

The office of MGEFLD-Europe is located at Reutlingen School of Theology, Germany. It is dedicated to assisting theological education in Europe by providing scholarships, supporting events, and providing technical assistance.
